Document Keeper History/Society • Level: 10+ years

The purpose of Document Keeper is to allow individuals, family groups, and official as well as unofficial organisations a system of preserving valuable documents in digital formats. Moreover, these documents can then be made available or sold onto third parties.

Benefits:

Document Keeper will allow the documents to be more readily available, and at the same time help to preserve the originals.

Features:

- Store your documents copies in any digital format:
 - Images
 - Text
 - Audio
 - Video
- Store and retrieve details of individual people
- Search, retrieve and display and print the documents in your own format
- Create a CD / DVD of your documents for others to use.

Integration with Family Tree

Document Keeper can be linked to family trees by importing Gedcom files from them, to store person details.
